2. When you got you flight details please give us a call so that we can confirm your appointment and arrange your Smart Choice Medical Travel co-ordinator to meet you on your arrival at the Budapest Airport and transfer you to your accommodation.
3. To secure your appointment you will be required to pay a deposit (£150/eye). The deposit will be deducted from your treatment price and if for a medical reason your eyes can not be treated than your deposit will be fully refunded. It is important to have your deposit paid 2 weeks before your treatment or unfortunately we can't hold the appointment for you.
The treatment fee is payable at the clinic, on the day of the treatment by cash or by card.
4. On your arrival You will be waited at the Budapest Airport by a Smart Choice Medical Travel representative, who will transfer You, to your accommodation and will help you with everything during your stay at Budapest.
You will get a welcome package that includes all the information you need during your stay and also your treatment plan/schedule.
Our Smart Choice Medical Travel representative will always drive You to the Clinic for the arranged appointments, and back to your accommodation after treatment.
If You need any additional help (like organising an excursion for your spare time, buy your medication from a pharmacy, help you with grocery shopping...) our representatives will try to do their best to manage it all for you.
5. You will have your first consultation and the detailed eye examination usually on the day of your arrival. It takes about 2 hours so if you arrive in the afternoon than might be on the next day.

6. If everything is fine and the examination shows no sign why the treatment should not be carried out the surgery takes place the following day. Our Smart Choice Medical Travel representative will take you to the clinic and after surgery will take you back to your hotel or apartment.
7. After you have had all the necessary check-ups Your Smart Choice Medical Travel representative will drive You to the airport and say goodbye to you.

If you need to return for further treatments we will always try to match you with the same representative so next time you will be greeted by someone you already know!
